Korean Words

Lesson time: 5-8 minutes

Intro

At the end of this lesson, you will know 8 common Korean words.

Follow the three simple sections below.

1. Story

Read the story two times. Try to guess the meaning of the Korean words from the context of the story.

A Perfect Day at Haeundae Beach

Jisoo and her long-time 친구 **(chingu)** Yuna arrived at Haeundae Beach early in the 아침 **(achim)**.

The bright 해 **(hae)** in the sky welcomed them as they spread out their blanket on the warm 모래 **(morae)**.

They gazed out at the deep blue 바다 **(bada)** and enjoyed the soothing sound of the gentle 파도 **(pado)**.

After a refreshing swim in the cool 물 **(mul)**, the two girls walked down the 길 **(gil)** by the beach, chatting and soaking in the peaceful atmosphere of their relaxing day together.

2. Word Meaning

Read the Korean words aloud two times each. If you can read Korean, focus on the 한글 **(Hangeul)** pronunciation.

Korean	Romanization	English
친구	chingu	friend
아침	achim	morning
해	hae	sun
모래	morae	sand
바다	bada	ocean
파도	pado	wave
물	mul	water
길	gil	street

3. Associations

Associations help you **link new words to words you already know**.

This cuts down on your learning time and makes it easier to retain what you've studied.

The **more absurd and or ridiculous the association is**, the easier it will be to remember. Make sure to have fun with them!

Read the Korean words and their associations aloud two times each.

If you can read Korean, **focus on the** 한글 **pronunciation.**

친구 (chingu) - friend

A good 친구 (friend) tells you when you have **goo** on your **chin**.

해 (hae) - sun

The 해 (sun) says "**hey**" every morning when it rises.
